Queens Jubilee (see below).		??????
Village gateways: planning costs, plus whatever else	•	??????
	£5,837.00.	£5,240.00

Note's:

The Clerks salary: it has been increased by 4.3% in line with national wages inflation.

NI payments will increase

Insurance: I expect the P/L & E/L insurance to increase

Website: The chap (Pete Langford) who was getting paid by LALC/LCC is now billing us for his support and training, the Clerk at Scopwick is more IT competent than I but Scopwick PC spent £975.00 last year on this and budgeted the same for this year, we are obliged to have a website by law

Cemetery: I would like to build up a cemetery fund for 'just in case expenditure'

Grass cutting: as above

LALC: I didn't bother last year, but when we get another Clerk they would need LALC support which I get from NKDC on the old boys act.

Election Fund: speaking to Marcella Heath at NK she thinks a simple election would cost us £2,300 - £2,500.00, if we add a £1,000.00 this year and a £1,000.00 next year we will have that money (£2,350.00) in reserve for the 2023 election, should it be contested, if it isn't we keep that money in an election fund for the 2027 election and so on, adding small sums for inflation in the coming years.

Training: included in the website

Audit fee: Plus £50,00 I kept it low last year

NK administration fee: they haven't billed us as they know I would have to pay them until we get a bank a/c set up.

Dog bins: as above once we order it for the cricket field we shall have to pay for it

Queens Platinum Jubilee: we shall have a balance of I expect £2,000 - £2,500.00 from last year, I would like to keep most of it in a contingency fund, I would be happy when a council of this size has at least £5,000.00, I suppose we could do the village gateways in commemoration, or anything else we can think of, or do nothing.

I don't want to reduce the precept too much, if the government decide to impose the same cap on parishes as they have on the county and district councils (which is highly likely) my successor may have a problem doing what I am drafting now

The PC have still not opened a bank account as it is almost impossible to get an appointment with a business manager despite the efforts of the Chairman, NK and I the problem it is/was? A unique a/c where all transactions has to be made using two signatures including internet banking, Barclays is one of the banks that provide that service; The PC owes me approx £2,375.00 + what we will owe Pete Langford, etc, etc I will prepare a March 31st 2022 projection soon.
